PAMPHLETS, LEAFLETS, CONTRIBUTIONS TO  
NEWSPAPERS OR PERIODICALS, ETC.,  
LECTURES, SERMONS, ADDRESSES  
FOR ORAL DELIVERY, MAPS

---

1943  
NEW SERIES, VOLUME 40  
No. 1

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject word of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication. "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

NEWSPAPERS OR PERIODICALS, ETC.,  
LECTURES, SERMONS, ADDRESSES  
FOR ORAL DELIVERY, MAPS

1943  
NEW SERIES, VOLUME 40  
No. 2

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject work of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

1943  
NEW SERIES, VOLUME 40  
No. 3

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject word of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration.

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

NEWSPAPERS OR PERIODICALS, ETC.,  
LECTURES, SERMONS, ADDRESSES  
FOR ORAL DELIVERY, MAPS

---

1943  
NEW SERIES, VOLUME 40  
No. 4

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject word of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. NEW SERIES, VOLUME 40  
No. 5

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject work of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for .," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

NEW SERIES, VOLUME 40

No. 6

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject word of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject work of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for .," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

NEWSPAPERS OR PERIODICALS, ETC.,

FOR ORAL DELIVERY, MAPS

1943  
NEW SERIES, VOLUME 40  
No. 8

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject word of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.

NEWSPAPERS OR PERIODICALS, ETC.,  
LECTURES, SERMONS, ADDRESSES  
FOR ORAL DELIVERY, MAPS

---

1943  
NEW SERIES, VOLUME 40  
No. 9

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book," not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject word of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

PAMPHLETS, LEAFLETS, CONTRIBUTIONS TO  
NEWSPAPERS OR PERIODICALS, ETC.,  
LECTURES, SERMONS, ADDRESSES  
FOR ORAL DELIVERY, MAPS

---

1943  
NEW SERIES, VOLUME 40  
No. 10

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject word of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

FOR ORAL DELIVERY, MAPS

1943  
NEW SERIES, VOLUME 40  
No. 11

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject word of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1943.

1943  
NEW SERIES, VOLUME 40  
No. 12

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject word of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication; "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

BOOKS, GROUP 2

---

NEW SERIES, VOLUME 40  
VOLUME INDEX  
FOR THE YEAR 1943

The Catalog of Copyright Entries is published in four parts. Part 1, Group 2, issued monthly, contains mainly titles of pamphlets, leaflets, and literary contributions to periodicals, and all other productions registered under the legal designation "book" not found in Group 1, including also, however, preliminary reports of court decisions, local directories, herd books, and other annuals, etc. The entries are arranged alphabetically by authors, or, if anonymous, by title. An asterisk (\*) after the author's name indicates that the author and copyright proprietor are the same. When the author and copyright proprietor are different, a separate statement is made at the end of the title, giving the proprietor.

Group 2 also contains, in two separate alphabets, the titles of the entries made in Class "C," Lectures, sermons, addresses prepared for oral delivery, which are arranged alphabetically by author; and Class "F," Maps, arranged alphabetically by the subject word of each title.

To save space in the Catalog, the copyright notice after each title is abbreviated. The abbreviations used in this part are as follows: "A," Class A, Books; "A for.," Foreign books in foreign languages; "C," Class C, Lectures, sermons, addresses prepared for oral delivery; and "F," Class F, Maps. "©" implies copyright registration of a published work followed by date of publication. "© 1 c." stands for copyright of an unpublished work, followed by date of receipt in the Copyright Office of the printed or manuscript copy.

A list of the books of which the subsisting copyright has been renewed and extended under section 23 of the act of March 4, 1909, will be found in Part 1, Group 1.

The annual index contains the names of authors of pamphlets, the titles of anonymous pamphlets, and the subject words of all maps.

The act of March 4, 1909, in effect from July 1, 1909, provides that the Catalog of Copyright Entries "shall be admitted in any court as prima facie evidence of the facts stated therein as regards any copyright registration."

The annual subscription price for the Catalog of Copyright Entries (received only for the calendar year) for Part 1, Group 2, is \$3.00 for 1943, payable in advance to the Superintendent of Documents, Washington, D. C., by postal money order, express order, or New York draft.

Under the provisions of the act of Congress, approved May 23, 1928, the prices of the various parts of the Catalog are now as follows:

## NOTICE

---

The Copyright Act of 1909 provides that, of the articles deposited for copyright registration, the Librarian of Congress shall determine what books and other articles shall be transferred to the permanent collections of the Library of Congress and what other books or articles shall be transferred to other governmental libraries in the District of Columbia for use therein.

The Act further provides that any article undisposed of as above and still remaining on the shelves of the Copyright Office may be returned to the claimant of copyright, unless reserved, under the provisions of section 60 of the Act.

Notice is, therefore, hereby given to any author, copyright proprietor, or other lawful claimant, that, insofar as any copyright articles deposited from January 1, 1929, to December 31, 1935, inclusive, are still remaining in the files of the Copyright Office, and are not to be transferred to the Library of Congress or to any other governmental library in the District of Columbia, such books or articles, unless reserved, may be returned to the claimant of copyright if requested by such claimant prior to December 31, 1944.

This notice includes any printed and published copyright deposits, such as books, periodicals, dramatic compositions, musical compositions, engravings, cuts or prints, lithographs, photo-engravings, or photographs. Manuscripts or typewritten dramas and photographs filed for identifying works of art may not be returned. No maps are available for return.

To secure such possible return the claimant of copyright of record should make formal request for the return of the articles, which must be separately and definitely specified. A suitable blank will be supplied on request. Address Register of Copyrights, Library of Congress, Washington, D. C.
